

MISSION STATEMENT

MSR Electronics will be committed to achieving sustained business excellence by integrating quality into all we do. At all levels of our company we will work to anticipate and meet customer needs and exceed their expectations. MSR Electronics will always effort relentlessly to improve our engineering services in order to offer innovative cost cutting solutions to our clients.

At MSR Electronics, we set high expectations, take ownership of good ideas and continuously work to create an environment for servicing clients and vendors with the utmost respect. Manage our work with a focus on results, implement continuous breakthroughs in cost, cycle time and quality. We will always work to meet short and long term commitments to all our customers, employees, suppliers, and partners.

MSR Electronics will measure success by reacting quickly to our customers needs and delivering what we promise, in all our operations (USA, Hong Kong, and China Factory)

Sincerely

Board of Directors
